Interim Climate Change Committee and Secretariat

- David Prentice, ICCC Chair
- Harry Clark, ICCC
- Suzi Kerr, ICCC
- Pauline Marshall, ICCC Secretariat
- Eva Murray, ICCC Secretariat
- Karen Lavin, ICCC Secretariat

Proposed Agenda

1. Welcome and introductions
2. Role of ICCC and the Zero Carbon Act
3. Treatment of gases – Methane, Pastoral farming and land prices
4. Role of ETS and influence of potential changes for forestry. What will motivate investment.
5. Price cap and Price Floor
6. Other policy – notably Agriculture, and grandparenting of nitrate leaching.
7. International market – Bilateral offset trading with Australia. Supply and demand curves.
8. Carbon banking – how liquid will forestry units be?
9. Influence and implications of the Billion Trees programme and the “Right tree in the right place”. Even if achieved – is it enough?
10. Potential for further engagement
